

SodaBlast Systems' LV series For Portable or Stationary Blasting

Stationary 80 CFM @ 145 PSI
Industrial Rotary Screw Air Compressor
Electric Motor with Protective Devices

25 hp Kohler or Honda powered
NK60 Screw air end
Spin on separator
Spin on oil filter
145-175 operating pressure
High discharge temp motor shut down
Low oil pressure motor shut down
60 cfm @ 150 PSI
30 Gallon Receiver

Over sized air/oil cooler and cooling fan
to achieve 15 deg above ambient approach to receiver
